

IKHSAN KHAERUDDIN

Frontend Developer (React & Next.js)

Professional Portfolio

Fresh Graduate | Available for Full-Time Opportunities

PROFESSIONAL SUMMARY

Frontend Developer specializing in React and Next.js with hands-on experience building responsive and user-focused web applications through internships and real-world projects. Strong foundation in modern JavaScript, API integration, and UI development, with proven ability to translate design into functional interfaces. Fast learner, highly adaptable, and ready to contribute in a collaborative engineering environment. Currently seeking a frontend developer role where I can deliver impact while continuing to grow professionally.

CAREER OBJECTIVE

Seeking a Junior Frontend Developer or Web Developer role where I can leverage my skills in React, modern JavaScript, and responsive web development to build user-focused applications. Eager to contribute to impactful projects, grow within a professional engineering environment, and deliver high-quality digital products.

PROFESSIONAL EXPERIENCE

Junior Web Developer - Vocational Training

- Developed responsive web applications using HTML, CSS, and JavaScript following modern web standards.
- Translated design requirements into functional and user-friendly interfaces
- Conducted testing and debugging to improve application performance and usability.
- Collaborated in team-based development using Git for version control.
- Demonstrated strong problem-solving skills while adapting quickly to new technologies.

PROJECT EXPERIENCE

Project Experience

Project 1: Integrated Educational Game Platform

— Fullstack Developer

Role: Frontend & Game Interface Developer

Scope: Educational Web-Based Game

- Developed an interactive HTML5-based educational game focused on learning engagement.
- Built responsive user interface components and interactive gameplay features using modern web technologies.
- Ensured usability and visual clarity to create an intuitive experience for student users.
- Integrated backend services and APIs to support dynamic content and user interactions.
- Collaborated on feature development while maintaining clean and scalable code practices.

Project Experience

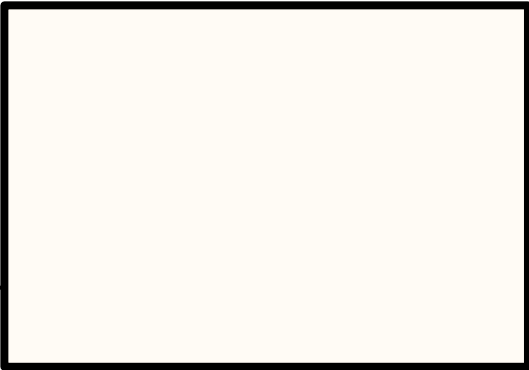

Project 2: [Personal Portfolio Website](#) —

[Frontend Developer](#)

Role: Developer Portfolio Web Application

Scope: Educational Web-Based Game

- Designed and developed a high-performance personal portfolio using Next.js.
- Built fully responsive interfaces to ensure optimal user experience across desktop, tablet, and mobile device.
- Structured the website to effectively showcase technical projects, skills, and GitHub repositories.
- Applied modern UI/UX principles to improve readability, navigation, and visual hierarchy.
- Optimized page performance for faster load times and smoother interactions.
- Deployed the application on Vercel to achieve reliable hosting and continuous deployment.

EDUCATION

Bachelor of Accounting - GPA 3.51/4.00

Kuningan, West Java.
